

CUSTOMER COMPLAINT NOTIFICATION

Meridian Pharmaceuticals - Quality Assurance Department

Complaint Source: Customer Portal

Customer Name: Riverside Community Pharmacy Group

Contact: complaints@riversidepharmacy.com

Complaint Date: 04/02/2026

PRODUCT DETAILS

Product Name: Metformin Hydrochloride Prolonged-Release Tablets

Strength: 1000 mg

Batch No: MET-7712-A

Mfg Date: 18/09/2025

Expiry Date: 17/09/2027

Quantity Affected: 96 units

NATURE OF COMPLAINT

Description: Eight blister strips within the received consignment show incomplete heat sealing along the lower edge. The foil lidding lifts away from the base web under light finger pressure, leaving several tablet pockets effectively open to the atmosphere. Two of the exposed tablets show surface discolouration and a chalky texture consistent with moisture ingress.

The defect appears confined to strips bearing the same overprint time code, which suggests an intermittent sealing station issue rather than a whole-batch failure. We have withdrawn the affected packs from the dispensing shelf and request a formal investigation with a written response within ten working days.

Reported by: Helen Okafor, Superintendent Pharmacist
